A WESTERN POINT OF VIEW.

Gentleman Thoroughly Competent to Universal Importance.

During the past year over 3,000,000 acres have been entered in Southern Dakota and 160 postoffices established; the daily newspapers have increased from forty-three to sixty three, and weeklies from 160 to 243; emigration is pouring in at a rapid rate; a nation is being born in a day; and a short time only can elapse before two or three large States will grow out of this land of the Dakotas.

The Rev. Stewart Sheldon, of Yank-ton, Sup-rintendent of Home Missions for Southern Dakota, a gentleman who has lived in the Territory for the past sixteen years, has traveled over it many times, and is fully competent to give a trust orthy opinion, is very enthusiastic over Dakota's prospects. "Look at the area of the State," he exclaims, "160,000 square miles! Enough to make over three New Englands, to make twenty eight Connecticuts; to hold all the in habitants of the world, with only six een and a fraction to the acre; to put a belt around the globe six miles wide. In a single year 1,500 miles of railroad are ouilt, and on a single farm 1,200,000 bush els of wheat were raised; its possibilities are almost boundless."

"How about the planting of churenes?" "It keeps pace with the needs of the people. In my own denomination about fifty organizations have ocen effected during the past year, and other religious

bodies have probably done equally as well." "May I ask what originally brought ou to this new country, with its neces sary hardships?"

"First, the pursuit of health; secondly he great and growing field for religious nfluence. I am on the road most of the ime. As you know, it is not an easy task, and were it not for a circumstane which I believe saved my life, I should even now be compelled to forego the pleasure I find in being instrumental in an humble way of doing some little "Would you be willing to publicly

state your experience?"
"Yes, sir! If you care to publish the matter in your paper, for the public, I will give you a written statement." And suiting the action to the word, the Super intendent immediately wrote the follow

REV. D. B. COE, HON. SECRETARY. REV. D. B. COR, LOWS, SECRETARIES REV. J. B. CLARK, SECRET MERICAN HOME MISSIONARY SOCIETY, BIBLE HOUSE, NEW YORK CITY.

REV. STEWART SHELDON,

SUPERINTENDENT FOR DAKOTA, YANKTON, DAKOTA, Sept. 26, 1884. To whom it may concern: This is to certify that I have used Warner's SAFE Cure and SAFE Pills more o less for a year past, and I find them to be most excellent remedies. They seem to do the work when other medicines fail I have reason to believe that they have saved my life, and it gives me pleasure to commend them to others. For liver complaint, general debility and constipation they have been a specific in my own case, as they have been to others to whom I have recommended them It gives me pleasure to add my testimony to the many already given, in the hope that others afflicted as I have been may

experience like benefit. REV. STEWART SHELDON.

Endorsement from such a source is bu nother source of intrinsic merit, and we give this to our readers solely for the good they may derive from it, believing heartily in its worth, and unqualifiedly endorsing the reverend gentleman and the work in which he is engaged.

Items of all Kinds Concerning Them. At a recent meeting of the Executive Committee of the Farmers' Institute

KANSAS FARMING.

held in Hiawatha, the time selected for holding the Third Annual Institute for county is Tuesday, and Thursday, January 13, 14 and 15. Kingman Democrat: W. H. Baker will be here about the 29th of this month with 200 barrels of apples. This will be the last of the apple season for this year. Mr. Baker has sold over 10, 000 bushels of apples in Kansas this

vear.

county have bought a Poor Farm of David Feller, for \$8,333. The farm is very near the center of the county, three miles southwest of Hiawatha. It Oswego Republican: The low price of corn does not seem to be working much hardship, for farmers are feeding more

The County Commissioners of Brown

stock than heretofore, and are thus preparing to secure good prices. Nineteen cents a bushel means more bushels fed to the hogs and more hogs for sale. Valley Falls Register: The farmers say they never raised such crops of corn. They have considerable difficulty in

making cribs large enough to hold it. The ears are so big and heavy they make the arms of those used to labor sore and lame handling them. Humboldt Union: In conversation with farmers, we learn that the yield of corn for this year ranges about as fol-lows: Upland, from 25 to 40 bushels per acre; bottom land, 40 to 60 bushels per

acre. In yield and quality the crop is not as good as last year. Clay Center Dispatch: A number of fine farms have lately changed hands in Five Creeks about Idana. Howland has sold his big farm, the Fisher place has changed owners and other trades are being considered. The United Presbyterians will soon have a large settlement

Lawrence Gazette: Mr. D. H. Lewis, of Grant township, while transplanting strawberries a few days ago, was surprised to find quite a number of ripe berries on the plants. Strawberries and cream in November in Kansas is, indeed, a rare delicacy, and will doubtless be enjoyed by Democrats and Republicans alike.

Peabody Graphic: G. W. Ayers has purchased about 500 tons of timothy from Dr. Foster, living about nine miles southwest of Peabody, which he is shipping to Kansas City. Those who know assert that it is as good timothy as can be raised anywhere in the United States. Dr. Foster has 320 acres sown to timothy which will be much more prefable to which will be much more profitable to him than twice that many acres of wheat Girard Press: Frank Playter has re-ceived a car load of good draft horses from Chicago, which are very fine. We learn from Mr. Playter that he has sold learn from Mr. Playter that he has sold his Walnut Park Farm to H. B. Craig, of Kentucky, who will take possession on March 1st, 1885. The sale only includes the 800 acres where Mr. Playter lives. He has not disposed of his fine herd of blooded cattle, but expects to offer them on the market soon. We are pleased to state that Mr. Playter will not leave the county, but will probably develop his Pittsburg interests. His farm is one of the largest and best arranged in Crawlord county.
